

2018 Pit River Tribal Citizen's Science Monitoring Volunteer Form

Volunteer to take part in the Pit River Tribal Tribe Citizen Science Program wildlife surveys as part of the XL Reservation. The program will consist of Citizen Science Training and Certification. Wildlife Surveys will take place **May 29th - June 6th (Bird Point Counts)** and again **on June 11th – 21st (Small Mammal Trapping)**. Activities will take place in the field, meaning the participants and volunteers are expected to dress appropriately for the Modoc Plateau environment; cold mornings, warm evenings, mosquitos and rugged terrain. Certain necessities will be provided however, be sure to have the bare minimum; sacked lunch, mosquito repellent, water, pants, layered yet light layers of clothing, boots, and sunscreen.

Please Complete This is for volunteer training, and not paid work.
